DETAILED ACTION

1. Authorization for this examiner's amendment was given in a telephone interview with Samuel G. Campbell III on December 11, 2006.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

a) Regarding **claim(s) 21**, line 16:

change "The" to -- the --.

b) Regarding **claim(s) 21**, line 19:

delete "; and" and add -- . --.

Allowable Claims

3. **Claim(s) 1-5, 7, 8, 10- 15, 17-19 and 21-37** are allowed.

4. The following is an examiner's statement of reasons for allowance:

Regarding **claim(s) 1 and 21**, in combination with other limitations of the claims, the prior art of record fails to disclose or specifically suggested a voice recognition client configured to submit voice waveform data to a voice recognition server, and the voice

recognition server is configured to convert the voice wave form data into text data and send the text data back to the voice recognition client.

Regarding **claim(s) 12**, in combination with other limitations of the claims, the prior art of record fails to disclose or specifically suggested a voice user interface to provide feedback data in a verbal format to a user via telephone connection in response to spoken navigation and natural language query command, said feedback data comprising data corresponding to data retrieved from the enterprise data system.

Regarding **claim(s) 18**, in combination with other limitations of the claims, the prior art of record fails to disclose or specifically suggested a compile server configured to enable an administrator to define a set of objects for which data in an enterprise data system are to be pre-compiled.

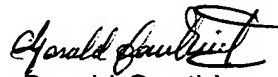

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
